SPRINGFIELD SCHOOL NOTES

A System of Classification Mapped Out By the County Board of Education.

The Graded School at Springfield will open Monday, Sept. 12. All patrons are asked to start the children at once in order that the classification may be done at the beginning of the term. It is much better for pupil and teacher to have all the pupils in school the first week when all will get an equal start.

The grades and teachers as provided for are as follows:

Grades 1 B and 2 A, Miss Emma Nunan.

Grades 2 B and 2 A, Miss Pearl Claybrook.

Grades 3 B and 3 A, Miss Evaline Royalty.

Grades 4 B and 4 A, Miss Hettie Rudd.

Grades 5 B and 5 A, Miss Ella Duncan.

Grades 6 B and 6 A, Miss Sallie Carson.

Grades 7 B and 7 A, Miss Jennie Redding.

Grades 8 B and 8 A, R. L. Bush.

High School, Prof. Geo. W. Colvin.

The County Board of Education has arranged for the County High School work to be done by the High School at Springfield. All persons holding teachers' certificates, county school diplomas, or who are able to pass a satisfactory examination before a board composed of Prof. Colvin, Principal of the Graded School, and C. F. Bosley and J. W. Bush, members of the County Board of Examiners, will be admitted free of tuition.

It is earnestly desired by the County Board of Education that all students and teachers will avail themselves of this opportunity. Remember that the tuition will be free to all complying with the above conditions.

Must Stop Bleaching Flour.

The government has decided that, pending the decision of the higher court in the bleached flour cases, millers must stop bleaching or stand criminal prosecution for each shipment of bleached flour made in interstate commerce.

THE STATE FAIR BEGINS NEXT WEEK

All Preparations Have Been Completed and the Management Says—The Best Ever.

Five of the world's fastest pacers will be the "added attraction" at the Kentucky State Fair, which begins in Louisville, on Monday, September 12. The Fair management was able to secure the attraction for only one day, Saturday, the closing day of the Fair. Dan Patch, with a record of 1:55; Minor Heir, 1:59; George Gano, 2:02; Herod Wood, 1:59; and Lady Maud C, 2:02, are the monarchs of the turf who will be seen together on Kentucky's soil for the first time. Dan Patch and Minor Heir will be driven as a team against time. It is possible the horses will also rpm on Saturday night and be exhibited at the closing night horse show.

Wednesday, September 14, will be one of the banner days of the Kentucky State Fair. A reception in honor of Kentucky statesmen has been arranged for Wednesday evening, and prominent men from every section of the Commonwealth have signified their intention of being present. Although "Kentucky Day" has been scheduled for the day following, the inauguration of the day for Kentucky statesmen is expected to mean two full days dedicated to the citizens of Kentucky generally. Invitations have been sent out to members of the Legislature, the Kentucky delegation in Congress, State and county officials and others prominent in public life.

Entries in the horse show, which is to be repeated this year as a nightly feature of the Kentucky State Fair, include the most prominent show animals in America. Every class exhibited in the winter shows will be seen and the number of horses already entered indicates that the exhibition will prove a record breaker. The night

horse was first introduced at the Kentucky State Fair last year and made an instantaneous hit. The success of that occasion has caused the Fair management to devote extra energies to this feature of the big show this year and the attraction will be one well worth an over-night stay in the State metropolis. Excursion rates have been announced on all railroads covering State Fair week, which begins September 12 and closes September 17. Round trip one fare plus 25 cents.

FIXING THE RESPONSIBILITY

Officers are Denounced—Many Indictments Returned Charging First Degree Murder.

Newark, O., Sept. 6.—In a final report to-day the Licking county grand jury places the responsibility for the lynching of "dry" Detective Carl Etherington, of Kentucky, on July 8, on the then Mayor of Newark, Sheriff of Licking county and Chief of Police of Newark, all of whom have since resigned or been defeated.

The report is caustic in dealing with these officials and says had they acted with reasonable diligence the riots and lynching could have been prevented. A total of fifty-eight indictments was returned by the grand jury in the twenty-seven days of its sitting, all in connection with the lynching. Of these, twenty-five charge the alleged rioters with murder in the first degree; twenty-one are accused of rioting, ten with assault, and two with perjury.

ENGAGEMENTS ANNOUNCED

Of Two Popular Young Couples. Weddings to Take Place In October.

Mr. J. P. Edelen has announced the engagement of his daughter, Pearl, to Mr. Joe W. Polin, the wedding to take place October 4 at 9 a. m. at St. Rose church.

The contracting parties are among the best known and most popular of the young people of the county. The bride-to-be is not only a member of an old and honorable family but is a beautiful girl, who numbers her friends by her acquaintances. Mr. Polin is a prominent young lawyer and editor of the News-Leader.

Announcement has been made of the engagement of Miss Ellen Farra Gregory to Mr. Edwin Dupuy Woodson. The wedding will be solemnized Oct. 12th at Pleasant Grove Church.

FAMILY REUNION

Mrs. Lucy A. Holderman Has an Enjoyable Family Reunion.

A most enjoyable family reunion was held at the home of Mrs. Lucy Holderman on the 22nd ult. Some fifty guests assembled at the hospitable residence of Mrs. Holderman on the festive occasion and partook of an excellently appointed dinner, most attentively served. The day was spent in a reminiscent manner and the time passed only too quickly. Those present were: Mary C. Taylor and two sons, Hebra and Haniel, of Mackville; Mr. and Mrs. Ben Bugge and three sons, Lee, James and George; of Stewart; Henry Hall and two sons, Robert and Hulett, of Taylorville; Mr. Richard Wilkerson and daughter, Miss Maggie Bell, of Mackville; Mr. and Mrs. Sid Russell and two children, Mr. George Goode, wife and two children, of Stewart; Mr. Tom Bugge, wife and little daughter, of Mackville; Mr. and Mrs. A. B. Young, of Texas, Ky.; Mr. C. P. Claybrook and daughter, Miss Emma; Misses Ada and Elvie Coanougher, of Texas, Ky. The company departed hoping that Mrs. Holderman will spend many more enjoyable reunions. A FRIEND.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is to-day the best known medicine in use for the relief and cure of bowel complaints. It cures griping, diarrhoea, dysentery, and should be taken at the first unnatural looseness of the bowels. It is equally valuable for children and adults. It always cures. Sold by all druggists.

IMPRESSIVE FUNERAL

Throng of Sorrowing Comrades and Friends Follow Judge Sauffley Remains to the Grave.

Wrapped in a Confederate flag, the emblem of a cause for which he fought and suffered imprisonment and the love of which he cherished until his death, the mortal remains of Micah Chrisman Sauffley were laid to rest in the Stanford cemetery, Sunday afternoon.

A great throng of sorrowing friends, representing six counties, had gathered there to pay a final tribute to the memory of a great man.

At the house there was a simple funeral service and a prayer by the Rev. Joseph Ballou, of Stanford. At the grave the Rev. E. M. Green, of Danville, spoke a few words to the Confederate veterans present, and offered a prayer that reached the very depths of every heart in that little band of aged men. Dr. Green, himself, had battled for the lost cause, and he knew and loved the dead man as he knew and loved the veterans who, with their gray heads bowed in grief, stood about their comrade's grave. It was a wonderful prayer that the grand old minister offered for the help and comfort of the remaining members of the Southern Army and every veteran there displayed his deep emotion.

The active pall-bearers were Peter McRoberts, T. J. Hill, Kendrick Alcorn, and J. P. Bailey, of Stanford, Chas. H. Rodes, of Danville, Charles Hardin, of Harrodsburg, and W. I. Williams, of Lancaster.

The honorary pall-bearers were the Confederate veterans of the district. The great number of strangers as well as the throng of his townsmen who attended the funeral of Judge Sauffley attested the loving esteem in which he was held throughout the length and breadth of his judicial district.—Danville Messenger.

PECULIAR MYSTERY

Surrounds Appearance of Three Hats on Main Street.—Found by Mr. Flaig.

The residents of Main street in the vicinity of Sheriff Fox's livery stable are much mystified over an occurrence that took place in that section yesterday. Three hats, handsome military, fell from above to the street. Mr. Edward Flaig, the jeweler, picked the hats up and took them into his store and immediately reached the conclusion that they belong to unknown ladies who were passing over town in an airship and were probably leaning out when a sudden gust of wind came. Several citizens have reported to the Advocate that they saw an airship go over town.—Danville Advocate.

KILLED BY LIGHTNING

John Comley Instantly Killed by Lightning Near His Home at Willisburg.

John Comley, the 18-year-old son of Erastus Comley, was killed by lightning near Willisburg last Friday. The young man, accompanied by his father, had left the field where they were at work when the storm came up and started for the house. They had reached and were crossing the yard toward the house when the young man was struck. Mr. Erastus Comley and his wife were both shocked by the lightning but were not seriously injured.

Banks Consolidate.

Instead of Springfield having two new banks as we reported last week it will have but one. The two banks have consolidated on most amicable terms, the stock holders in each bank taking one half of the capital stock of \$50,000. Next Saturday at 2 o'clock the stock holders will meet to elect directors and officers of the bank.

WAS CUSTER A SUICIDE?

Story That He Killed Himself Rather Than Be Made a Prisoner.

Vershy, N. M., August 21.—Robert Jackson, of Costilla, Taos county, N. M. offers a startling addition to history in the statement that Gen. George A. Custer, the hero of Custer's massacre, long believed to have been killed and scalped by the Sioux on the battlefield, was not murdered by the Indians, but died as the result of a gunshot wound inflicted by his own hand, rather than be taken prisoner.

At the time of the battle in which Custer met his death Jackson was serving in the Sixth United States Infantry, carrying dispatches to Gen. Otis, then in command of the Twenty-second Infantry. Jackson was with the first company to reach the battlefield after the massacre and gives in detail the scene as it presented itself to him. Jackson said that an examination of Custer's body showed that the wound which caused his death was fired at close range, the powder burns indicating plainly that the shot was held against the head. Jackson was commanded by Gen. Reno to take the Indians after they had been subdued by the United States troops in the hopes of finding out how Custer was killed. The Indians told Jackson that Gen. Custer was the last man to fall in battle.

They wanted to take him alive, believing that with him as a prisoner they could force the government to terms. Realizing this fact, Jackson says the Indians told him that Custer placed a gun to his head and fired. According to Jackson the Indians all agreed that Custer called him "The Long-Haired Chief."

Jackson is a picturesque character and although he was in long and dangerous service, is not receiving a pension from the government because he was not a regularly enlisted soldier. Friends in Taos County are interesting themselves in his behalf and hope to receive aid for him from the government to compensate him for valuable services rendered.

Jackson acted as scout for Gen. Otis when he went to the relief of Gen. Miles, then being on a detail along the Yellowstone River. Jackson also acted for Gen. Miles when he was running down Lame Deer and his band. Jackson shot and killed Lame Deer, scalped him and afterward gave the scalp to Gen. Miles.

After the Indians had been driven into Canada, Jackson acted as a guide when Gen. Miles burned over a large territory along the northern boundary of the United States and drove south the buffalo so that the Indians were forced to surrender the following winter.

ATTEMPTED BRIBERY

A Burley Tobacco Society Speaker Says President LeBus Was Recently Approached.

Lebanon, Ky., Sept. 6.—In the course of a speech on the tobacco situation in Kentucky here yesterday afternoon to a large number of tobacco growers, former State Senator W. A. Byron, of Bracken county, made the sensational statement that an attempt was recently made to bribe President Clarence LeBus, of the Burley Tobacco Society. According to Senator Byron, Mr. LeBus was offered \$250,000 to let the tobacco now in the pool be sold at a certain price, and to afterward sever his connection with the Society. Mr. LeBus at once demised the man from his office, according to the speaker, and reported the occurrence to the other officials of the Society.

SAVED A SOLDIER'S LIFE.

Facing death from shot and shell in the civil war was more agreeable to J. A. Stone, of Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed a cough, and stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 pounds." For Coughs, Colds, LaGrip, Asthma, Whooping Cough and Lung Trouble, its supreme. 50c. 1.00. Trial bottle free. Guaranteed by Haydon and Robertson.

A HOT SPRINT-ING STUNT

Bob Shorty was Chased by his Lady Friend Through Main Street.

Robert Shorty, the gentleman of color, who, for a number of years, has acted as assistant to Jailor W. S. Fitzgerald in running that institution, made a run Sunday night that would have made a record to some of the reckless speedsters tried in police court recently. However, in Bob's case, there is some excuse for the reckless run. He was not running to qualify for a track team or for exercise, although he was running for his health's sake, but there was, nevertheless, a reason.

He had, as usual on Sunday evening, called to see his sweetheart and bask in the smiles of the only girl he ever loved, but he did not find her in the best of humor and before long they quarreled. In fact they did more than quarrel, they "fist." In the scuffle between Robert and his friend, whose name, by the way, is Sophia Grant, Shorty was backed about the face with a razor in the hands of his affinity. Seeing that he was getting the worst of the argument, and thinking that a live soldier was better than a dead "nigger," he took to his heels. Hearing the footsteps behind him and noticing the glimmer of the razor in the moonlight, Shorty did not hesitate to flee through one of the main boulevards of the city, although scantily attired.

He did not stop running until he had arrived at the police headquarters. When he rudely disturbed the peaceful slumbers of the officers imploring them to protect him. A warrant has been sworn out for the arrest of the festive Sophia and she will be tried later in the week.—Danville Messenger.

POSTMASTERS

Will Meet In Louisville, September 13th, 14th and 15th.

It has been decided by the Postmasters' Association, which includes Presidential officials, and the State League of Postmasters of Third and Fourth class offices, to hold a joint meeting this year in Louisville, Sept. 14th and 15th. The League will meet at 2 o'clock p. m., on the 13th, for the purpose of transacting such business as pertains to League affairs only.

On the 14th and 15th the Association and League will hold a joint meeting for the purpose of discussing postal affairs.

There will be several representatives of the Post office Department present to give instructions. The new Money Order and Registry Systems will be fully explained. Every Postmaster should attend as they will learn more than they would in years at home, and many things they never would learn otherwise.

TEACHERS WANTED.

The demand for teachers who have been trained in the Western Normal is greater than the supply. The Fall Session opens September 8th. Write President H. B. Cherry, Bowling Green, Ky., for information relative to free tuition.

SKIN AFFECTIONS.

Whether on Infant or Grown Person Cured by Zemo and Zemo Soap—An Unusual Offer

The Leo Haydon Drug Store says to every person, be it man, woman, or child, who has an irritated, tender or itching skin to come to our store and procure a bottle of ZEMO and a cake of ZEMO soap and if you are not entirely satisfied with results, come back and get your money. ROUND ABOUT THE STATE

MOST IMPORTANT NEWS GATHERED FROM ALL PARTS OF KENTUCKY

THIRTEEN YEARS COLLECTOR.

Samuel J. Roberts Gives Dinner in Honor of His Successor.

Lexington.—The reception and dinner given at the Lexington Country club by Samuel J. Roberts, the outgoing collector of internal revenue of the Seventh district of Kentucky, in honor of his successor, Col. Timothy A. Field, was largely attended and a somewhat unusual event.

Mr. Roberts has broken all internal revenue records for the Seventh district and the state of Kentucky in the length of his service as collector, his term extending from October 1, 1897, to September 1, 1910, one month short of 13 years. His original commission signed by President McKinley, just as he was leaving Washington for Lake Champlain on his first vacation, is dated July 28, 1897.

Collector P. G. Rennick, of the Pecira (Ill.) district, which collects the largest revenue of all the districts in America, and Collector L. F. Potts, of Louisville, possibly the next largest, accepted invitations to the dinner.

Mr. Roberts has had the rather unusual record of serving under three presidents and six commissioners of internal revenue. Col. Field was nominated and confirmed in January, but as an act of special courtesy to Mr. Roberts it was ordered by President Taft that the transfer of office should not be made until September 1, 1910, and was entirely agreeable to Col. Field.

STRANGE INCIDENT.

Man Arraigned for Murder on Funeral Train of Victim.

Henderson.—The unusual occurrence of arresting a person charged with murder, who was making his descent into the cemetery to bury the alleged victim, took place here when the police officers took Charles Burton, a coal miner, aged 30 years, of Shelby, into custody and lodged him in the city prison. He is a miner, and is charged with shooting F. J. Staples twice and killing him at Mine No. 3 in Shelby, a coal mining town in Sullivan county, Ind.

The body of Staples was in the baggage car of the train, and Burton was riding on the customer's baggage car. Two men, who were members of the funeral party that was taking the corpse to a point in Daviess county for interment, passed through the baggage car, where they saw Burton and recognized him.

When the train arrived at Henderson these two members of the funeral party proceeded to notify Officer Bonser, who arrested Burton.

JAIL DELIVERY.

Four Short-Term Prisoners Escape From Prison at Glasgow.

Glasgow.—Will Goodhue, Charles Parrell, Will Moss and James Cooke, confined in the county jail here, made their escape. When Capt. Nathan Burkes, the jailer, was notified by other prisoners of the escape he found the keys in the door. How the prisoners got possession of the keys is a mystery. Other prisoners who witnessed the escape tell conflicting stories.

The most plausible theory is that a confederate acquainted with the jail secured the keys from the jailer's room and passed them to the prisoners, who were being allowed the freedom of the corridor. The getaway was a most successful one. They were all short-term prisoners.

GOOD ROADS CONVENTION AT STATE FAIR.

Louisville.—Efforts are being put forth to bring about a record-breaking attendance at the state good roads convention, which will be held at the Kentucky State fair at Louisville on September 15. State Senator J. F. Bosworth, of Middleboro, is president of the Kentucky Good Roads association, which has just issued a call for the convention, which has been addressed to all county judges, fiscal courts and the state's representatives throughout the state. Gov. Wilson has also issued an appeal that the convention be largely attended. J. W. Newman, secretary of the fair association, has supplemented the call of Senator Bosworth by letters to good roads enthusiasts in all sections of the commonwealth. Senator Bosworth's good roads bill failed of passage in the last session of the general assembly, but he is of the opinion that laws will be enacted at the next session of legislature.

MAY TAKE CHARGE.

Maj. Collier Is Commissioned as Kentucky Revenue Agent.

Louisville.—Maj. W. H. Collier has received his commission from Washington, making him revenue agent. This is the highest honor ever conferred on a service branch of the department, and has a salary of \$3,600 attached. It is expected that he will take charge of the revenue agents in this district. He was formerly a deputy in the internal revenue department.

GOV. WILSON'S VACATION.

Frankfort.—Gov. Wilson has had a good long vacation up in Michigan and Lieut. Gov. W. H. Cox has been in the governor's chair. Gov. Wilson has advised his friends that he is ready to come home. On his way he stopped in Cincinnati on Monday to be present at the opening of the Ohio Valley exposition. From Cincinnati the governor went to Frankfort, where he remained over the weekend preparatory to trip to Chattanooga, where he attends the meeting of the American Bar association the last of this week. Upon his return up to government he announces that he will be on the job at Frankfort pretty steadily.

NO INCREASED FEES.

Frankfort.—Atty. Gen. James Breathitt notified to W. S. Fitzgerald, of Danville, president of the State Jailers' association, "an opinion, in which he holds that the present jailers can not receive the increased fees allowed them in an act of the last legislature. Breathitt holds that the charging of fees can not be legally done during their term of office. Jailers elected for the next term will receive 75 cents a day for the maintenance of prisoners, but the present jailers will only be allowed 50 cents a day for the maintenance of prisoners.

BUY EXTENSIVE COAL LANDS.

Winchester.—The Berwind White coal syndicate, of Baltimore, has completed the acquisition of 35,000 acres of fuel coal land in Harlan and Fletcher counties, along the Upper Cumberland river, at the reported cost of \$125,000, and will expend several million dollars on its development, connecting it with the Watoots & Black Mountain railroad.

MUSICK IN BREATHITT.

Georgetown.—The Scott County Herald, formerly edited and owned by B. O. Gaines, has passed formally out of business. The press, type and all the other contents were sold at public auction to Ryland Musick, formerly of Georgetown, now of Jackson, Ky., who expects to start a new paper at that point.

The Commonwealth

Danville.—The annual meeting of the Eighth District Publishing league of the Kentucky Press association will be held at Estill Springs, September 12.

Louisville.—Lewis Barrett, son of the late Thomas L. Barrett, former president of the National Bank of Kentucky, died of injuries sustained in an automobile accident.

Owensboro.—Preparations are being made to entertain about 1,000 delegates in Owensboro during the state convention of the Christian church, which meets September 19 to 22 inclusive.

Elizabethtown.—The Hardin County Farmers' institute will convene on September 7 and 8. The experiment station at Lexington will send four experienced agricultural speakers for the occasion.

Carlisle.—One of the biggest hog sales in this section in months took place here when Jesse Flinnback sold to G. W. McIntire, of Millersburg, 47 hogs weighing 11,852 pounds. The consideration was \$1,057.52.

Bethesda.—John Wood was shot at his home on the Ohio river, near this city. The wound was fatal. He was a shotgun. The wounded man was taken to Madison, Ind., and the surgeons took from his back 45 shots.

Frankfort.—Labor men of all trades and conditions will be benefited if they attend the picnic at Glenwood park on Labor day, September 5, to 7. Hon. Ellis L. Williams, of Louisville, deliver his Labor day speech. Much of his address will be devoted to the conditions of the rural laborers, that is the farmers.

Carrollton.—William McCrory, 28, died of typhoid fever at the home of his father, Henry McCrory, near this city. He was the youngest of a month ago of typhoid fever. About a year ago the eldest son, Walton McCrory, died of consumption, making three deaths in the family within a year.

Louisville.—Col. W. B. Haldeman, major general of the Kentucky division, United Confederate Veterans, has fixed upon September 16 as the date for holding a reunion of the members of the Kentucky division, U. C. V. The reunion will be held at the federal home, at Pewee Valley, beginning at 10:30 in the morning of September 16. The major general for the division and three brigadier generals are to be elected at the reunion and other business of importance is scheduled to come up for consideration. It is likely that many who attend the reunion as Pewee Valley will attend a reception to be given in honor of Confederate veterans at the state fair grounds, Louisville, that evening.

Middleboro.—W. A. Cooke, president of the Cooke Market Co., was attacked by a bear when walking through his stock pens and one leg was badly injured. Mr. Cooke formerly was postmaster of Middleboro.

Kentington.—There seems to be some danger of Company C, the organization of State guards which has long been maintained here, being mustered out of service at the request of the commander, Capt. J. R. Sams, on account of the failure of the city and county to provide a suitable place wherein the men may drill and keep up their efficiency.

THREATENING MOVE WILL FRIGHTEN TIMID GOATS

Most Extraordinary Characteristic Feature of These Animals Is That They Scare and Faint Upon Slightest Provocation.

Did you ever hear of fainting or nervous goats? There are said to be many of them in existence.

The most extraordinary characteristic of these animals is that they are very easily frightened. To simply say "boo" to them in a threatening man-

spells the goats can be turned over and dragged about as if they were dead; they become so rigid that they can be lifted bodily without bending.

The animals seem to retain their faculties during these extraordinary

ner will cause them to fall helplessly to the ground and remain there until the spell leaves them.

They scare and faint upon the slightest provocation. To merely jump over a fence or bar 16 to 18 inches from the ground is sufficient to cause them to become stiff and faint.

While under the influence of these

spells, but their eyes have an expression of anxiety—one might say agony.

The reasons for such a peculiarly highly developed nervo-muscular system have not as yet been ascertained.

The goats seem normal in every other particular, and have this advantage over the common goats: They can usually be kept within prescribed grounds.

burden is heavy, the construction expensive and the results not satisfactory. Good stone or gravel roads are a permanent improvement; they last for generations with a moderate amount of attention, and the cost of them ought to be spread over a series of years, not less than twenty, and let those that come after us help bear the burden of road construction.

If this plan were adopted, supplemented by state aid, whereby all taxable property of the state would be subject to a tax to pay one-half of the expense of building and maintaining the highways, and road supervision were made a county instead of a township matter, so that the roads could have skilled supervision in building and maintenance, and all road taxes paid in cash, there would be an immense saving to the taxpayer and better roads for every one to use.

STANDARD OF GOOD ROAD

Demand of Present Age for Highway That Is Smooth, Hard and Usable Every Day in Year.

(By HOWARD H. GROSS.)

The roads of the central west have been so proverbially bad for the last generation that the people have fixed a low standard for what they term a good road. All of the roads are sometimes good and when in prime condition, as they now and then are, available, best farms, big, are the rain comes and the frost heaves, they are about the worst possible. Those who have seen some of the better roads of Europe, will fix a much higher standard. The demand of the age for a road that is smooth, hard, and usable every day in the year, that the road condition shall in no manner interfere with the use of it. This can only be brought about first, by proper grading and a thorough drainage, which is the most important feature of road-building, and next, to cover it with a hard, smooth, wearing surface of long life.

Economy in road building does not necessarily mean low first cost. On the contrary, this low first cost is apt to make the road expensive to maintain. It is better to add 25 per cent or 50 per cent to the cost in the first instance and secure long life and low maintenance. In the central west, crushed lime stone, and where available, blast furnace slag, are the materials from which the main part of the road should be constructed. These two or five inches of these materials will form a good foundation for the wearing surface. This should be a harder substance. What is known as Wisconsin granite is the best material available in the central west for wearing surface. Enormous quantities of it are found throughout the central portion of the Badger state. Three inches of this material spread upon a highway, thoroughly compacted and bonded with some asphaltic mixture, such as the asphaltic residue of Texas petroleum, some products of coal tar, or best of all, granulated asphaltic rock, will give a surface of excellent texture, dustless and with wearing qualities at least twice that of lime stone and two or three times that of ordinary gravel.

Upon the roads that have the heavy traffic, it is better to use materials of greater durability for the wearing surface. With roads of less traffic, gravel or lime stone will serve the purpose admirably. The people having in charge the road administration ought to realize that the most expensive way to build a road is by the annual tax levy, building the road little by little. The

PROPER TIME TO CUT WHEAT

If Left to Stand Until Dead Ripe Much of It Will Be Shattered—Shocking Is Also Important.

(By W. D. NEALE.)

I have found that to cut wheat when it is a golden yellow, if it is cut even it is very liable to spoil if a rainy season sets in on the shocks or fall down. Especially in this true it the bundles are large. If it is left to stand until it is dead ripe much of it will be shattered in cutting time. The average of the heads on the ears are the kicking of the bundles to the ground by the machine and the hands of the women in shocking will shatter much of the grain. This is a complete loss.

The shocking of the wheat is very important unless it is threshed in a very short time. The shocks must be well put together if they stand the wind and rains of summer months. It is a good idea to follow a system in building shocks. Every one ought to be about the same size and built after a good substantial plan. The following has proved itself to be a very successful way of putting bundles together to stand the storms of summer.

Place three pairs of bundles in a row and set a bundle at each end. The bundles in the pair should be set out in a row, and the bundles in the other pair should be set out in a row, and the bundles in the third pair should be set out in a row, and the bundles in the fourth pair should be set out in a row, and the bundles in the fifth pair should be set out in a row, and the bundles in the sixth pair should be set out in a row, and the bundles in the seventh pair should be set out in a row, and the bundles in the eighth pair should be set out in a row, and the bundles in the ninth pair should be set out in a row, and the bundles in the tenth pair should be set Special Days for All At Kentucky State Fair.

Experienced People Have Been Placed In Charge of Programs for Each Day and Night.

"Busy hours and minutes are ahead of visitors to the Kentucky State Fair 1910, which will begin in Louisville on the morning of September 12. The interest of scores of organizations has been enlisted, and every day and every night has been dedicated to some particular group, with everybody invited all the time.

Fred W. Keisler, of Louisville, is general chairman on special days, and A. B. Lipscomb, secretary of the Louisville Commercial club, general chairman on special nights. As heretofore, Monday, the first day, has been set aside for the school children of Kentucky. The youngsters are expected to turn out by the thousands, and a guarantee of one day of happiness will go along with each school child's ticket sold. Prof. E. H. Mark, superintendent of Louisville public schools, is chairman of school children's day.

Tuesday, September 13, will be farmers' day, with W. T. Chilton, of Campbellburg, as chairman. Formal sessions will be held on that day by many of the organizations made up of farmers.

Wednesday, September 14, will be Louisville day, with W. O. Head, mayor of the city, as chairman. It is expected this will be one of the banner days of the fair from an attendance standpoint.

Kentucky day will be observed on Thursday, September 15. This will also be press day, and good roads day, with A. D. Miller, of Richmond, president of the Kentucky Press association, acting as chairman, and H. A. Somers, of Elizabethtown, vice chairman.

Friday, September 16, has been especially dedicated to Kentucky's neighbors and will be known as Southern Indiana and traveling men's day. Adam Heimberger, of New Albany, is chairman, and D. O. Talcott, of Louisville, vice chairman.

Saturday, September 17, has been put down as everybody's day, with everybody chairman.

A testimonial to the great work accomplished by Kentucky club women is evidenced in the dedication of the first night of the fair as women's organizations' night. Mrs. C. P. Weaver, of Louisville, is chairman. German-American night will be observed on Tuesday, with Louis Seelbach, of Louisville, chairman, and the Irish-American citizens of Kentucky will be the special guests of the fair on Wednesday night, E. J. McDermott, of Louisville, is chairman for that evening.

Fraternality night will close the fourth day of the fair Thursday. Under the chairmanship of R. W. Brown, of Louisville, a monster committee is expected to bring out one of the largest outpourings of fraternal society membership ever seen in the Ohio valley. Friday evening, September 16, has been set aside as commercial organizations' night, with Dr. W. B. Gossett, of Louisville, chairman. Farewell night will close the fair week, Jas. E. Dordant, of Louisville, being chairman of the occasion.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy, given soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack. Sold by all druggists.

BRIDGE LETTING.

Sealed bids for the construction of the masonry of the new bridge at Pleasant Run Creek, in this county, will be received until 12 o'clock m., September 13th, 1910, at the office of B. L. Litley, County Judge of Washington County. Specifications can be seen at the store of S. Roberts.

Bidders will come prepared to execute bonds for the proper performance of the work.

T. S. MAYES,

County Attorney of Washington Co., Kentucky.

Notice.

Hennessy & Baker having dissolved partnership have placed in my hands for collection all accounts for seasons to the Horses and Jacks and to the Jacks. "Stonewall." All persons indebted to them will please come to see me at once and settle, or I shall have to take legal steps to collect the unpaid accounts. MARSHALL DUNCAN.

Nine Head of Cattle Killed by Lightning.

Lightning struck a herd of cattle belonging to Mr. Vic Swan, residing near the dardin and Made line, on the 21st ult., killing nine head instantly. The stock were valuable and the loss is considerable.

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both. Sold by all druggists.

ONE BIG FOOL,

But He Doesn't Live in Springfield Nor Read the Sun.

A man in Connecticut gave a doctor, a specialist in catarrh, \$50 to cure him of this common, yet most obnoxious disease.

The specialist gave him a bottle of medicine and told him when and how to use it.

The fool took the medicine home, took one dose, put it on a shelf and made no further effort to follow instructions.

Three months later, when the medicine a-shelf, he told a friend that the specialist was a fake; that he had paid him \$50 and still had catarrh as bad as ever.

This story is told for a purpose. HYOMEI (pronounce it High-o-mei) won't cure catarrh if you don't breathe it; it will cure catarrh if you breathe it regularly.

Furthermore you don't need to give a catarrh specialist \$50 to cure you of catarrh, for the specialist has yet to be born who can write a better prescription than HYOMEI.

The Leo Haydon Drug Co., and druggists everywhere guarantee HYOMEI to cure catarrh or money back. A complete outfit which consists of a bottle of HYOMEI, a hard rubber inhaler and simple instructions for use costs but \$1.00. If you already own a HYOMEI inhaler you can get a bottle of HYOMEI at Leo Haydon's for 50 cents. No stomach dosing--just breathe it.

Advertising for Road Work

I, the undersigned, with the consent and by the authority of B. L. Litley, County Judge, being anxious that all the money appropriated by the Washington County Fiscal Court at the April term be expended on the turnpikes of the county, call especial attention to the following sections not yet under contract:

Part of Sec. 38, from Springfield to Pleasant Run, on Springfield and Perryville pike.

Balance of Sec. 40, from Pleasant Run to Dr. Hatchett's gate, on same pike.

Sec. 46, Barbourville pike, from Pleasant Run Bridge to Marion county line.

Sections 47 and 29, The Mackville and Texas pike.

Sections 48 and 26, Springfield and Mackville pike, 4 miles.

Sections 50 and 51, Balance of

Springfield and Williamsburg pike. Sections 57 and 58, Balance of the Lincoln Run pike.

Section 55, From the bridge East of M. D. Reed to the Bloomfield pike. Section 64 (Two). From Cecilville to Robt McIntire.

Sections 56 and 8, On the Walton's Lick pike from Sales Ford to Polin.

Section 4, On the Bloomfield pike from the Magisterial district line to the bridge.

Sec. 5, Booker pike. Sec. 72, Tick Creek road. Sec. 73, Mays' Creek road.

I will contract with any responsible party, or parties, who are willing to comply with specifications and will so contract. All work must be completed by Nov. 1, 1910. All bids to work these sections should be given me at once. All to whom promises of contracts have been given must come to see me at once and sign the contracts.

LAND SALE

Saturday, September 17, 1910

At 2:30 o'clock, p. m.

At the late residence of Thos. W. Reed, one-half mile from Williamsburg, Ky., we will offer for sale to the highest and best bidder, at public outcry, about

300 Acres of Land

LYING NEAR WILLISBURG, KY. THIS IS ONE OF THE BEST TOBACCO FARMS IN THE BURLY DISTRICT.

The farm lays well and has on it a good eight-room dwelling, all necessary outbuildings, 2 stock barns, 3 tenant houses, is a well watered and is a large quantity of fine Locust Trees. The Springfield and Williamsburg turnpike runs through the farm and divides it into nearly two equal parts, on one side of the pike is the residence, tenant houses, stock and tobacco barns, on the other side are two tenant houses and about one-half of the timber. This farm will be offered in two tracts and then as a whole and sold in the manner so as to realize the most money.

This is a most desirably located farm, very productive, close to School and Church, and is sold only because it is necessary in order to distribute an estate.

TERMS:--One-fourth cash or before March 1, 1911, and the remainder in three equal installments, due on or before the 1st of March 1, 1911, with interest from Jan. 1, 1911, payable annually with precipitating clause, and then retained on the land to secure payment of purchase money notes. The purchaser will be required to give bond with good personal security for the first payment of the purchase price due March 1, 1911.

Any person desiring to look over the premises before the day of sale will call upon T. J. Miller, Springfield, Ky., or Dr. W. W. Haytt, Williamsburg, Ky., who will take pleasure in giving all information desired.

T. J. Miller & W. W. Haytt,
Agents for the Heirs of T. W. & M. J. Reed.

A Good Position.

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the eight-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay to write them for full details at Cincinnati, O., or Philadelphia, Pa.

Birthday Dinner.

On August 22nd the relatives and friends of Ursh Keeling assembled at his home and partook of a sumptuous dinner in honor of Mr. Keeling's eightieth birthday. After forty-four persons were served, an excellent dinner was sent to several sick people in the neighborhood, who were unable to be present.

A sister, children, grandchildren, and great-grandchildren and friends spent a most happy day conversing with one another and with the aged gentleman. In the evening all reluctantly took leave but most heartily joined in wishing "Uncle Rich," as he is so familiarly known, might be the honored guest on many such happy occasions.

EXECUTOR'S

SALE!

As Executor of the will of T. M. Lanham, I will on

Saturday, September 17, 1910

About the hour of 1:30 p.m., on the premises, sell at public auction the farm containing about

84 ACRES

Owned by the late T. M. Lanham.

The farm is situated about one and one half mile West of Springfield on the Smith Mill turnpike. The farm is in a high state of cultivation and has on it an excellent frame dwelling containing 7 rooms and all other necessary outbuildings. This is one of the best watered farms in Washington county and contains an excellent orchard of apples and small fruits.

The sale will be on a credit of one-fourth cash, the remainder in one, two, three and four years. The bonds for the deferred payments to bear interest from date and payable annually and to contain a clause that in default of any installment, of interest or any note, all of the notes to become due and payable at the option of the owners.

Any information that any purchaser may desire or wishes to see the place call on H. A. Ridd or W. A. Clements.

HETTIE RUDD,
Executor of T. M. Lanham.

—S. D. Crouch and wife, of Barton county, Mo., have been visiting Mr. Crouch's brother, Mr. M. V. Crouch, near Willsburg, for two weeks. Mr. Crouch left her twenty nine years ago and he and his wife have returned here but once during that period. Mr. Crouch is a well-to-do farmer in a splendid section of the county. Mr. and Mrs. Crouch left Monday on their return home.

Beautiful in appointment was the dinner given Tuesday evening by Mr. and Mrs. Joseph Claybrooke in honor of Miss Annie McChord and Mr. Harrison Williams. Covers were laid for ten and green and white was the color scheme. The white damask cloth was mostly covered by a very large piece of Cluny, in the center of which stood a beautiful basket of white clematis and ferns. Around the basket were four silver candlesticks bearing green candles, and on either end of the table were two silver candelabra. The place cards were heart shaped, on which were beautiful heads of women. The color scheme was observed throughout the seven courses. Those present were: Miss Annie McChord, Mr. H. Williams, Miss Sallie McElroy, Mr. Mack Grundy, Prof. and Mrs. Geo. Colvin and Mr. and Mrs. William McChord, Jr.

Death of an Infant.

Mary Elizabeth, infant daughter of Mr. and Mrs. T. B. Jones, aged thirteen months and eight days, died on the 4th inst. from a complication of disorders which resulted fatally. The child gave evidence of remarkable intelligence for one so young and was possessed of an amiable disposition. She was indeed the life and joy of her home. A hope in life and a benison of sweet anticipations for them, therefore it seems a cruel fate that should deprive them of their darling child. Yet, we must realize that God's will must be done on earth as it is in Heaven, therefore, humble submission before the throne of mercy is a requisite to our future happiness. We can look forward

to the time when the bereaved parents will see the sweet, smiling face of Mary Elizabeth, whose little life is merged with the angelic host.

Friends and relatives of the saddened parents did all in human power to relieve the suffering child and restore her to health. But all medical skill was of no avail and after four weeks of silent suffering, coupled with numerous convulsions, her suffering ended on Sunday morning at early dawn.

Rev. R. E. C. Lawson conducted the funeral services on Monday at 10:15 a.m., after which the little body was returned to mother earth in the beautiful burying lot on Cemetery hill.

May peace and joy come to the bereaved parents through the Divine blessing, is the hope of the writer, who joins with many friends and relatives in extending condolence to them. Uno.

"Can be depended upon," is an expression we all like to hear, and when it is used in connection with Chamberlain's Cough, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by all druggists.
